

## *Business Corporate Attire*

### **Business Corporate Attire**

History of Business Casual. Until recently, the Business Casual attire dress code did not exist. There was simply daywear and evening wear. During the day, men would wear a stroller coat or a morning coat for business. In the evening they would change into a tailcoat for dinner and events. Once retiring for bed, pajamas would be donned as would a dressing gown, but the chance of anyone seeing ...

Learn about the differences between business casual and business professional attire, along with tips on what not to wear. Dress for the job you want.

### **Business Professional Attire vs. Business Casual Attire**

Informal wear, also called business formals, corporate/office wear, tenue de ville and (colloquially) dress clothes, is a Western dress code for clothing typified by a suit with necktie for men, and cocktail dress or pant suit for women. On the scale of formality, it is considered less formal than semi-formal but more formal than casual wear, yet retaining availability for more personal ...

### **The Ridiculous Business Jargon Dictionary - The Office Life**

Across America, company dress codes for employees are as diverse as the employees themselves. From being so strict that hemlines are measured, to telling employees, "You can wear anything, as long as you wear something," companies certainly seem to be in disagreement over how workplace attire affects productivity.
