

Ford Backhoe 4550 Manual

Ford Backhoe 4550 Manual

I have a ford 4500 backhoe. The power steering pump has enough fluid. When turning, it has power steering when turning right, but is hard to steer when turning left.

hi, we have recently acquired an old Sanderson teleporter. She has a ford engine fitted, which needs an overhaul. Can anyone help to identify what model it is please, as it has been repainted, and is also missing the cab door, where I believe the serial/model number plate should be attached. I could do to know the model, and also what ford engine is fitted if any one can kindly help.

Sanderson model identification help please. - Farming Forum

Not quite sure what your property looks like but I love my sickle bar mower for keeping the tree rows trimmed back. I probably do not put an hour on it per year but it saves me many hours of work reaching under the trees and cutting off saplings, reaching into the pond and cutting off the grass that grows up around the edge, up at an angle cutting back shrubs that grow wild along my driveway.

I have 52 hours on my Massey SCUT tractor. I've been *very* careful to avoid side slopes when using it. I bush hog about two acres, and if there is much of an incline I go up/down rather than traverse it sideways.

How much side slope can my tractor handle?
