Dynastic cycle (traditional Chinese: 朝代 cycle; simplified Chinese: 朝代 cycle; pinyin: Cháodài Xúnhuán) is an important political theory in Chinese history. According to this theory, each dynasty rises to a political, cultural, and economic peak and then, because of moral corruption, declines, loses the Mandate of Heaven, and falls, only to be replaced by a new dynasty.

Mary Turner (c. 1885 - 19 May 1918) was a young, married black woman and mother of two who was lynched by a white mob in Lowndes County, Georgia, for having protested the lynching death of her husband Hazel "Hayes" Turner the day before in Brooks County. She was eight months pregnant, and her unborn child was also brutally murdered. They were followed by the murders of 11 more black men by a ...

Less favorable socioeconomic conditions, such as low education and low income levels of a teen's family, may contribute to high teen birth rates. 7 Teens in child welfare systems are at higher risk of teen pregnancy and birth than other groups. For example, young women living in foster care are more than twice as likely to become pregnant than those not in foster care. 8

Zika virus can be passed from a pregnant woman to her fetus. Infection during pregnancy can cause a birth defect called microcephaly and other severe fetal brain defects; Zika primarily spreads through infected mosquitoes. You can also get Zika through sex without a condom with someone infected by Zika, even if that person does not show symptoms of Zika.
