### **Peter's Online Typing Course - Learn Keyboarding Online!**

The home row is a key concept in typing (sorry for the pun!). It is that middle horizontal row of the keyboard that starts with A and goes all the way across. The idea behind the home row is that each finger remains in light contact with a particular key there when it is not typing in order to keep "grounded", providing a reference point for every other key.

The home row of the keyboard is the most important to the touch-typist.. When at rest the typist's fingers are positioned, lightly, on the A-S-D-F keys for the left hand, and the J-K-L-; keys for the right hand.. The left index finger will control the F and G keys, the right index finger will control the J and H keys.; The left middle finger will control the D key, the right middle finger will ...
