Jean Cunningham Consulting - Lean Business Management ...

Lean thinking is a business methodology that aims to provide a new way to think about how to organize human activities to deliver more benefits to society and value to individuals while eliminating waste. The term lean thinking was coined by James P. Womack and Daniel T. Jones to capture the essence of their in-depth study of Toyota's fabled Toyota Production System.

Lean thinking - Wikipedia

What is Lean? Lean management is an approach to running an organisation that supports the concept of continuous improvement. It is an ongoing effort to improve products, services, or processes, which require "incremental" improvement over time in order to increase efficiency and quality.
