

Modern Economic Regulation An Introduction To Theory And Practice

Modern Economic Regulation An Introduction

The posts from the MMT Primer series have been collected and organized into Randy's latest book, Modern Money Theory. It makes for a much more coherent read and is highly recommended for anyone seriously interested in the MMT perspective.

Modern Monetary Theory Primer - New Economic Perspectives

Economics (/ ɛ k ə ' n ɒ m i k s, i: k ə-/) is the social science that studies the production, distribution, and consumption of goods and services.. Economics focuses on the behaviour and interactions of economic agents and how economies work. Microeconomics analyzes basic elements in the economy, including individual agents and markets, their interactions, and the outcomes of interactions.

Political system - Regulation of the economy: Government regulation of economic life is not a new development. The national mercantilist systems of the 18th century provided for regulation of the production, distribution, and export of goods by government ministries; even during the 19th century, governments continued to intervene in the economy.
