But armies have developed sophisticated ways of overcoming this instinctive aversion. And contemporary civilian society

On Killing: The Psychological Cost of Learning to Kill in ...

There is a price for killing and there is a very effective "military machine" to teach the acceptance and support of killing that is a thousand years or more old. That mind altering thousand year plus mind forming machine is set against a person who has often only been alive about 19 years. The machine thus almost always wins.

On Killing: The Psychological Cost of Learning to Kill in ...

On Killing: The Psychological Cost of Learning to Kill in War and Society is a book by Dave Grossman exploring the psychology of the act of killing, and the military and law enforcement establishments' attempt to understand and deal with the consequences of killing.

On Killing: The Psychological Cost of Learning to Kill in ...

Grossman's first book, On Killing: The Psychological Cost of Learning to Kill in War and Society is an analysis of the psychological processes involved with killing another human being. In it, he reveals evidence that most people have a phobia -level response to violence, and that soldiers need to be specifically trained to kill.

Dave Grossman (author) - Wikipedia

The psychological cost for soldiers, as witnessed by the increase in post-traumatic stress, is devastating. The psychological cost for the rest of us is even more so: contemporary civilian society, particularly the media, replicates the army's conditioning techniques and, according to Lt. Col. Dave Grossman's thesis, is responsible for our ...
