As analyses and "spin" of the Katrina crisis grow, we confront the sort of public issue to which a social science response is urgently needed.

### **Understanding Katrina: Perspectives from the Social Sciences**

The worldwide movement toward economic, financial, trade, and communications integration. Globalization implies the opening of local and nationalistic perspectives to a broader outlook of an interconnected and interdependent world with free transfer of capital, goods, and services across national frontiers. However, it does not include unhindered movement of labor and, as suggested

by some ...
