The ten knowledge areas are: Project Integration Management. Project Scope Management. Project Time Management. Project Cost Management. Project Quality Management. Project Human Resource Management. Project Communications Management. Project Risk Management. Project Procurement Management. ...

Project Management Body of Knowledge (PMBOK)

Project Risk Management. There is a lot of detail in this knowledge area, specifically around how you perform quantitative and qualitative risk assessments. Risk management isn’t a one-off activity, though, and this knowledge area also covers controlling your project risks going forward through the project life cycle.
