Charles Dickens as Social Commentator and Critic

Social criticism is a form of academic or journalistic criticism focusing on cultural or sociological issues relating to matters of concern within contemporary society in particular with respect to perceived injustices. It often refers to a mode of criticism that locates the reasons for such conditions in a society considered to be in a flawed social structure.

Driving is the primary means of personal travel in many countries and relies heavily on vision for its successful execution. Research over the past few decades has addressed the role of vision in driver safety (motor vehicle collision involvement) and in driver performance (both on-road and using interactive simulators in the laboratory).
