Status On Relationships

Relationship most often refers to: . Family relatives and consanguinity; Interpersonal relationship, a strong, deep, or close association or acquaintance between two or more people; Correlation and dependence, relationships in mathematics and statistics between two variables or sets of data; Semantic relationship, an ontology component; Romantic relationship, a connection between two people ...

Relationship - Wikipedia

An interpersonal relationship is a strong, deep, or close association or acquaintance between two or more people that may range in duration from brief to enduring. The context can vary from family or kinship relations, friendship, marriage, relations with associates, work, clubs, neighborhoods, and places of worship. They may be regulated by law, custom, or mutual agreement, and are the basis of ...

REDUCING THE RISKS. Antiviral medications (antiretroviral therapy or ART) control HIV infection very well. Fact sheet 403 has more information on ART. The good news about taking ART is how well it works. There is no cure for AIDS and ART won't get rid of HIV infection, but it can help you live a full, healthy life.

In all of the many social groups that we as individuals belong to, we have a status and a role to fulfill. Status is our relative social position within a group, while a role is the part our society expects us to play in a given status. For example, a man may have the status of father in his family.

You can manually set your presence status in Skype for Business (Lync) to control how or whether you want people to contact you. By default, your status is based on your Microsoft Outlook Calendar. For example, if a meeting is currently scheduled in Outlook, your status appears as "In a meeting." But you can update your status manually.
