Jane Austen began to write Emma in January of 1814 and finished it a little over a year later, in March of 1815. At the time of completion, Austen was thirty-nine years old. Emma was published at the end of 1815, with 2,000 copies being printed—563, more than a quarter, were still unsold after four years. She earned less than forty pounds from the book during her lifetime, though it earned ...

Martin "Marty" Cooper (born December 26, 1928) is an American engineer. He is a pioneer in the wireless communications industry, especially in radio spectrum management, with eleven patents in the field. While at Motorola in the 1970s, Cooper invented the first handheld cellular mobile phone (distinct from the car phone) in 1973 and led the team that developed it and brought it to market in 1983.

According to Cayce, the Arcturians are a 'fifth dimensional' life-form. They are highly advanced both technically and spiritually. Since his early writing of this Race of Aliens, Edgar Cayce has been referred to the father of the Arcturians. Today, many people have discovered the different way to communicate with the Arcturian Aliens; however, only one has been deeded the most sure way.

The focus is on what certain songs of the eighties mean, especially songs that aren't immediately obvious. This is an offshoot of the web page about masturbation since a lot of people don't know what songs like "She-Bop" or "Turning Japanese" are really about. I welcome email about any song you would like to discuss here, as well as follow up email to anyone else's comments about a song ...
