Release 14*

The Autocad Book Drawing Modeling

AutoCAD is a commercial computer-aided design (CAD) and drafting software application. Developed and marketed by Autodesk, AutoCAD was first released in December 1982 as a desktop app running on microcomputers with internal graphics controllers. Before AutoCAD was introduced, most commercial CAD programs ran on mainframe computers or minicomputers, with each CAD operator (user) working at a ...

AutoCAD - Wikipedia

AutoCAD DXF (Drawing Interchange Format, or Drawing Exchange Format) is a CAD data file format developed by Autodesk for enabling data interoperability between AutoCAD and other programs.. DXF was originally introduced in December 1982 as part of AutoCAD 1.0, and was intended to provide an exact representation of the data in the AutoCAD native file format, DWG (Drawing), for which Autodesk for ...

Do you know which versions of AutoCAD .dwg or .dwt files are currently compatible with Visio? It looks like these posts were a while ago, and in looking at the Visio website, it seems there are some add-ons that facilitate drawing file conversions, but it doesn't mention what version of drawings it will convert into Visio.
