Paul Auster's City of Glass reads like Raymond Chandler on Derrida, that is, a hard-boiled detective novel seasoned with a healthy dose of postmodernist themes, a novel about main character Daniel Quinn as he walks the streets of uptown New York City. City of bones, City of Ashes and City of Glass is a story that I just couldn't put down. Great storyline, character and emotionally gripping. I was pulled into the story from the first few pages of the first book. I highly recommend this series to everyone that loved the Twilight series.
