The TMMi Foundation is a non-profit organization, which supports organizations around the world to improve their software and system testing and achieve higher and sustainable levels of product quality for the systems they are developing and maintaining.

TMMi FOUNDATION

Integration, in mathematics, technique of finding a function $g(x)$ the derivative of which, $Dg(x)$, is equal to a given function $f(x)$. This is indicated by the integral sign "∫," as in $\int f(x)$, usually called the indefinite integral of the function. The symbol dx represents an infinitesimal displacement along x ; thus $\int f(x)dx$ is the summation of the product of $f(x)$ and dx .

What it is: Acupuncture is a type of traditional Chinese Medicinal therapy related to acupressure in the sense that it focuses on stimulating certain healing points around the body, called acupoints. These points in turn stimulate the body's own healing mechanisms. Rather than using the fingers to stimulate these areas, acupuncture involves the insertion of very tiny needles into the top ...
