Thirdly, and perhaps most importantly, science fiction is the only genre that depicts how society could function differently. This is the first step towards progress as it allows us to imagine the future we want, and consider ways to work towards it.

Imagining the future: Why society needs science fiction

Reading comprehension is the ability to process text, understand its meaning, and to integrate with what the reader already knows. Fundamental skills required in efficient reading comprehension are knowing meaning of words, ability to understand meaning of a word from discourse context, ability to follow organization of passage and to identify antecedents and references in it, ability to draw ...

For a while now, I've been working on my not-so-secret project: a big nonfiction comic about visual communication across disciplines. This blog will continue to be pretty quiet while I toil away at the book, but bits and pieces have been showing up in my visual lecture as well. If you manage to catch me on the road anytime in the next year or two, you're bound to see evidence of this ...
