Who's Your City?: How the Creative Economy Is Making Where to Live the Most Important Decision of Your Life [Richard Florida] on Amazon.com. *FREE* shipping on qualifying offers. In the age of globalization, some claim that where you live doesn't matter: Alaska, Idaho, and Alabama are interchangeable. The world is

Who's Your City?: How the Creative Economy Is Making Where ...

Essentially, Who's Your City analyzes what makes a city attractive or not, what qualities those attractive cities have that make them so and who's attracted to those qualities. At face value, it should be an alderman, mayor or city manager's Bible, but it's not. It's stats with some explanation - nothing your mom couldn't tell you.

Who's Your City?: How the Creative Economy Is Making Where ...

Who's Your City?: How the Creative Economy Is Making Where You Live the Most Important Decision of Your Life is a non-fiction book written by Richard Florida. The book advances Florida's previous work on the locational choices of people and businesses. He adds a dimension of environmental psychology by assigning psychological profiles to urban regions according to the dominant personality traits of the people who live there. For example, the New York metropolitan area and the ChiPitts area have

Who's Your City? - Wikipedia

Florida's book touches on many areas of study, including economics, sociology, and city planning. The author provides a lot of statistics for you to process, but he also offers some tips on how to find places where you can grow and thrive long term.
